Neighbor to Neighbor

Host a Food or Essentials Drive

Food and essentials drives are a great way for your neighborhood, youth group, sports team, school, house of worship, civic group, or company to build community while providing crucial support to Neighbor to Neighbor.

Step 1: Decide whether you and your group would like to collect food, essential items, or both. You can also get creative and choose a theme. For example: "Souper" Bowl canned soup drive, March Madness competition drive, National PB&J Day peanut butter and jelly drive, holiday meal drive, Oh Baby! diapers and wipes drive, etc.

Step 2: Set a timeframe and goal for your drive!

Step 3: Reach out to Operations Manager Elvis Ruiz to set up your drive. We can arrange to drop off and pick up crates so you can collect items and supply any promotional materials you may need.

MOST NEEDED FOOD ITEMS: canned fish and meat, peanut butter and jelly, pasta, canned soup, cereal, coffee and tea, cooking oil, canned and dried fruit, dried beans

MOST NEEDED ESSENTIAL ITEMS: toothpaste, feminine products, baby wipes, toilet paper, paper towels

ASK ABOUT OUR VIRTUAL FOOD DRIVE OPTION!

Neighbor to Neighbor partners with **#GIVEHEALTHY**, a digital food drive platform where people can donate fresh fruits, fresh vegetables, and other perishable items.
This virtual option can be a great addition to your physical drive, or stand alone.
Please contact us if you'd like to set up a virtual drive.
